The Company: It was in the year 2004 that the Sahara India Pariwar entered the Life Insurance industry with the first wholly Indian "Sahara India Life Insurance Company Ltd." in the Private Sector. The main objective of the Company is to reach out across the country to all segments of society not only to the privileged and urban based but to those belonging to the middle class and living to the rural areas as well.

The Scheme: This product provides only term insurance cover, thus satisfying the insurance need of persons, who are unable to save enough for getting themselves covered through individual insurance plans. Term Insurance means that sum assured shall be payable to nominee only on death of member during continued membership of the group and currency of the policy.

When persons are adequately insured, the sense of security enhances their confidence. This shall generate extra goodwill and confidence amongst the members in favour of the group. It may also contribute to reducing attrition in the group.

Highlights of the scheme: As a result of significant saving in expenses, in comparison to individual insurance, cost of term insurance is very minimal. For example a single proposal form is to be filled by the Group Authority and a single group policy, covering all eligible members of the group, is issued to the Group Policyholder.
